

Please don't stop XM Radio from broadcasting the things that make it more useful to consumers. My husband and I both use our XM Radio continuously. We benefit from their weather and traffic reporting. None of our local channels offer this. You have to listen for 4 hours, and maybe you will get lucky and hear a weather or traffic report. Please reject the NAB's petition 04-160. We pay for the radio service because it provides us with a service that we want and need. Please look at it from this point of view...

Sincerely,

Chris and Stacey Teal
